

# Scientific and Clinical Advances Advisory Committee meeting – Matters arising

**Monday 06 February, 10:30am – 4.30pm**

**Evolve Suite, Etc. Venues One Drummond Gate, Victoria, London  
SW1V 2QQ**

Item	Action	Responsibility	Due date	Progress to date
10/06/2015, 3.17 and 3.18	The Committee agreed that genome editing in reproductive medicine should be added as a topic for consideration during the annual horizon scanning process and requested for the Deputy Chair to provide an overview of the Nuffield Council of Bioethics work on genome editing at the next Committee meeting.	Anna Quinn	Ongoing	A genome editing tab has been added to the 2016 horizon scanning spreadsheet which will be populated from 12/15-01/16.  Genome editing issues will be considered in further detail at the horizon scanning meeting in February 2017.
10/06/2015, 5.9 and 5.10	The Committee agreed that the HFEA website should include information on current and recruiting clinical trials taking place in the UK and that a list of clinical trials should be collated. Yacoub Khalaf agreed to inform SCAAC of relevant trials, in his role as a committee member to the RCOG.	Anna Quinn	Ongoing	This is an ongoing matter that will be considered as part of the update to the website for the Information for Quality programme.

10/06/2015, 6.22 13/06/2016 7.9	Updated PGS patient information should be published on the HFEA website to incorporate information on current PGS practice, success rates, and to highlight that data supports only the use of PGS for good prognosis patients.	Anna Quinn	Complete	The revised PGS information has been published on the HFEA website.
