GUIDANCE NOTES ON COMPLETING HFEA FORMS

GI – Embryo and Gamete Movement Form - IN

Version 2009/1

<p>When to use this form</p>	<p>This form should be used when a patient's embryo's or eggs or a donor's eggs or sperm are being received into storage at your centre from another UK licensed centre or from abroad.</p> <p>This form replaces:</p> <p>Notification of the transfer of gametes and embryos from within Gibraltar or the EEA into the UK form</p> <p>Notifications of the transfer of gametes and embryos from countries outside the EEA or Gibraltar into the UK form</p>
<p>HFEA centre reference number</p>	<p>This is the unique number issued to each physical clinic/centre by the HFEA upon receipt of an initial licence application. The centre number must be included on all forms returned to the HFEA. Centre numbers should be quoted in the format of four numerics – i.e. 0000.</p> <p>The EDI application will automatically populate this field.</p>
<p>HFEA form number</p>	<p>Each Embryo and Gamete movement form has a single unique number to identify it, (top right hand corner starting with the letter GI).</p> <p>If, after submitting a form, a correction needs to be made, it is essential that the unique form number of the form being corrected or updated be quoted on any new form in section 1.</p> <p>Original forms using duplicate form numbers will be rejected and returned to the centre. It is the responsibility of the centre to ensure that where forms are generated from Electronic Patient Records systems, that form numbers are not repeated.</p> <p>The EDI application will automatically populate this field.</p>
