

F-2017-00332 - Treatment cycles with and without egg sharing 2010-2015

27 January 2017

Summary of request

The Authority was asked to provide the number of fresh and frozen cycles using egg donation, specifying whether egg sharing or not, for each licensed centre each year for the period of 2010-2015.

HFEA response

The HFEA also provided a spreadsheet in its response to the enquiry. Please find this in the file named *F-2017-00332 - Treatment cycles with and without egg sharing 2010-2015 Excel* on our website: <https://www.hfea.gov.uk/about-us/freedom-of-information/previous-responses-to-foi-requests/>

Please note that where a number of individuals is less than or equal to five, we are unable to disclose the exact number of cases under section 40(2) of the FOI Act, which relates to personal information of third parties. We consider that the disclosure of this information could breach an individual's confidentiality, as there is a risk that individuals may be identified if this data is put together with other information that is, or may become, available on that individual.

The HFEA has published further figures on egg sharing in its [Fertility Trends and Figures](#) report on pages 40-42. The corresponding data sheet can be downloaded here:

<https://www.hfea.gov.uk/media/2549/fertility-treatment-in-2014-2016-graph-datasheet.xlsx>
