

F-2012-00251 - The number of women delivering live and/or stillborn babies

22 November 2012

Summary of request

The Authority was asked to provide information regarding the number of women delivering live and/or stillborn babies after a number of listed treatment types.

HFEA response

Tables 1 and 2 contain all the information you have requested relating to different treatment types and the number of patients in the data set is represented under the heading 'Distinct Patients'.

Table 1 Data

Distinct patients	14262
Fresh IVF own eggs	5064
Fresh IVF donor eggs	238
Fresh ICSI own eggs	6369
Fresh ICSI donor eggs	249
Fresh IVF:ICSI own eggs	65
Fresh IVF:ICSI donor eggs	<5
PGD fresh	109
PGS fresh	41
IVMF	7
Frozen cycle own eggs	2021
Frozen cycle donor eggs	61
PGD frozen	11
PG Frozen	6
Unassigned category	20

Table 2 DI Data

Distinct patients	514
Stimulated cycles	296
Unstimulated cycles	218

Where the numbers fall below 5 we have replaced the actual figure with '<5' to ensure the information we release cannot be used, in conjunction with other available information, to help identify patients to whom the HFEA owes a duty of care.

The 'unassigned' category relates to cases in which the particular category could be ascertained with 100% certainty from the forms.
