

F-2013-00308 – Licences granted to couples to have a saviour sibling and treatment outcomes

15 January 2014

Summary of request

The Authority was asked for the number of licences granted to couples to have a saviour sibling, the resultant live births and how many have resulted in a cure for the elder sibling.

HFEA response

The HFEA does not hold information on the outcome relating to the success or otherwise of treatment for the elder sibling. It is therefore exempt from disclosure.

Please find the other data requested in the documents below. This data was extracted from the HFEA's data warehouse containing Register data as at 14/01/2014. Please note that the information in the database may be subject to change as licensed centres notify the Authority of information that updates or corrects information they have previously supplied.
