

F-2014-00199 - Public sector costs of translation of foreign languages to English for hospitals

09 July 2014

Summary of request

The Authority was asked for information about the costs to the public sector of translation from foreign languages to English, broken down between hospitals and other bodies.

HFEA response

The HFEA is the regulator for fertility services in the UK and as such does not record information on costs of all of the public sector. It is also not part of the HFEA's role as regulator to control or record UK licensed centres' expenditure on translation. As such the information you have requested is not held by this Department.
