

F-2014-00218 - Cycles carried out by UK clinics over the last three years sorted by cycle type

27 August 2014

Summary of request

The Authority was asked for the number of cycles carried out by UK clinics broken down by cycle type for the last three years.

HFEA response

The requested data can be found in the table below.

- [Table showing cycles carried out by UK clinics by cycle type](#) (xls 35KB)

Data from between 2010-2012 has been included, as these are the last three calendar years for which the HFEA has verified data.

Please note that any figure between 1-4 has been replaced with a '<5' figure because there is a significant possibility that this information, when combined with other information to which one may reasonably be expected to have access, could lead to the identification of a person to whom the HFEA owes a duty of confidentiality. To disclose this information in these circumstances may therefore result in a breach of the confidentiality provisions of section 33A of the Human Fertilisation and Embryology Act 1990 (as amended), and the information is therefore exempt from disclosure under section 44 of the Freedom of Information Act 2000.
