

F-2014-00248 - List of websites contacted by the HFEA

23 September 2014

Summary of request

The Authority was asked for the names of websites contacted by the HFEA since 5 July 2007 and how many 'consents to prosecute' the Authority has sought from the Director of Public Prosecutions since 1991.

HFEA response

After a search of our records the following websites have been identified as those to whom the HFEA has made contact informing them of Section 4(1A) of the Human Fertilisation and Embryology Act 1990 (as amended), relating to the procurement and distribution of gametes, and the requirement of a third party contractual agreement with a licensed centre **if** any of them were undertaking any activity which constituted procurement or distribution of gametes.
