

F-2015-00335- Number of cycles involving donor sperm 2010-14

16th October 2015

Summary of request

The Authority was asked for information on the number of DI and IVF cycles using donor sperm for each licensed centre each year for the period of 2010 – 2014.

HFEA response

Please see the attached document to answer your request.

Please note that the HFEA can only provide data up to 30/06/2014 as this is the latest date for which we have verified treatment data.

As you will see I have replaced all low numbers with a '<5' because there is a significant possibility that this information, when combined with other information to which you may reasonably be expected to have access, could lead to the identification of a person to whom the HFEA owes a duty of confidentiality. To disclose this information in these circumstances may therefore result in a breach of the confidentiality provisions of section 33A of the Human Fertilisation and Embryology Act 1990 (as amended), and the information is therefore exempt from disclosure under section 44 of the Freedom of Information Act 2000.
