Your consent (as a surrogate) nominating an intended parent to be the legal parent

About this form

This form is produced by the Human Fertilisation and Embryology Authority (HFEA), the UK’s independent regulator of fertility treatment and human embryo research. For more information about us, visit www.hfea.gov.uk.

Who should fill in this form?

Fill in this form if you are a surrogate:

- and you wish to nominate one of the intended parents (or the intended parent, in the case of there being just one) commissioning the surrogacy arrangement to be the legal parent of any child born as a result of treatment upon birth (other than the sperm provider if they intend on being the legal parent). In common law the sperm provider will automatically be the legal parent if you are not married or in a civil partnership and no-one else has been nominated as a legal parent.

- you are not married or in a civil partnership (or your spouse or civil partner does not consent to your treatment).

Who should not fill in this form?

You should not complete this form if you are:

- married or in a civil partnership and your spouse or civil partner consents to your treatment (your spouse or civil partner will be the other legal parent), or

- not married or in a civil partnership and wish the person providing sperm to be the legal parent (as they will automatically be the legal parent if no-one else has been nominated as a legal parent).

What do I need to know before filling in this form?

Before filling in this form you should be certain that your clinic has given you all the relevant information you need to make fully informed decisions. This includes:

- information about:
  - the different options set out in this form
  - the implications of giving your consent
  - the consequences of withdrawing this consent, and
  - how you can make changes to, or withdraw, your consent.

- an opportunity to have counselling.

If you are unsure, or think that you have not been given all of this information, please speak to your clinic. There is a declaration at the end of this form which you must sign to confirm you have received this information. If you do not receive this information before filling in this form, your consent may be invalid.

You are strongly advised to seek your own legal advice before entering into a surrogacy arrangement.

If you are unable to complete this form because of physical illness, injury or disability, you may direct someone else to complete and sign it for you.

Why do I have to fill in this form?

The surrogate will be the legal mother of any child born from the surrogacy treatment when they are born. Where the surrogate is not married or in a civil partnership, someone other than the person providing sperm can be nominated as the second legal parent – as long as both the nominated parent and the surrogate give notices consenting to this in writing before sperm, egg or embryo transfer.

When filling in this form, make sure you sign the declaration on every page to confirm that you have read the page and fully agree with the consent and information given. When you have completed the form you may request a copy of it from your clinic.
